

Download Attitudes, Conflict And Social Change

Research Focus. Looking at Our Own Behavior to Determine Our Attitudes. Eliot Aronson and J. Merrill Carlsmith (1963) conducted an experiment to determine whether young children might look at their own behavior to help determine their attitudes toward toys. Social psychology is the scientific study of how people think about, influence, and relate to one another. Listed below are links to social psychology topics such as prejudice and discrimination, gender, culture, social influence, interpersonal relations, group behavior, aggression, and more. Organizational conflict, or workplace conflict, is a state of discord caused by the actual or perceived opposition of needs, values and interests between people working together. Sources * *Bach, G. R., and P. Wyden. 1968. The intimate enemy: How to fight fair in love and marriage. New York: Avon Books.
