#1 New York Times bestselling author Nora Roberts presents the first novel in a compelling trilogy about three brothers bound by fate, blood, and a timeless enemy. In the town of Hawkins Hollow, it's called The Seven. Every seven years, on the seventh day of the seventh month, strange things happen. Kiyomi Ito stars as a woman who gets her intellectual kicks attempting to solve difficult criminal cases. Dante Gabriel is starving. What he craves is red gold—human blood. After being held captive as a blood slave to a female vampire for years, he has finally escaped. While it is absolutely horrifying to dream of the death of a child, which makes sense because the loss of a child truly is just about the worst thing a parent can experience, dreams about children dying are fairly common and could be thought of in a variety of ways.
