

# Download Class & Gender In India

Gender inequality in India refers to health, education, economic and political inequalities between men and women in India. Various international gender inequality indices rank India differently on each of these factors, as well as on a composite basis, and these indices are controversial. A gender discrimination lawsuit against Microsoft first filed in 2015 could see new light following an appeals court's decision on Thursday to reconsider a lower court ruling denying class action ...Part of a series on Feminism Women Girls Femininity Mother History Social Feminist history History of feminism Women's history American British Canadian German Timelines Women's suffrage Muslim countries US Other women's rights Suffrage by country Australia Canada Japan Kuwait New Zealand Sweden Switzerland United Kingdom Wales United States In ...In 2009 the middle class included 1.8 billion people, with Europe (664 million), Asia (525 million) North America (338 million) accounting for the highest number of people belonging to this group.
