

# Download Communicating For Productivity

Communication is the exchange and flow of information and ideas from one person to another; it is effective if the receiver understands the information or idea that the sender intended to transmit. Sharon Steed is a corporate empathy and communications consultant as well as an international keynote speaker. Sharon has spoken at companies on improving team communication and collaboration; at ... Snail mail, email, text and messaging apps are all useful in business. Know who likes what method to be a successful communicator. Workers increasingly want the option to work from home, or wherever, and the savings for the company are substantial.
