Gerald Segal's last published paper 'Does China Matter?' made a considerable splash, and had he lived, it is certain that he would have followed it up with a book. This new volume honours his memory and takes forward his project, bringing together ten leading writers on China to reassess his argument. The media is getting very excited about the fact that Chinese GDP data was somewhat stronger than expected. This data is presented with all the quality and accuracy we have come to expect from China. Gerry Segal, a world expert on China, was a prolific writer. Before he died in 1999 the journal Foreign Affairs published his very provocative and significant article 'Does China Matter?'. Focusing on Segal's theme, this volume expands and takes forward his research by gathering together ten leading
