

Download Employment Guide For Engineers And Scientists

Prospect is the trade union for professionals. We provide work related advice, support and services. Prospect's members are engineers, scientists, managers and specialists in areas as diverse as agriculture, defence, education and children's services, energy, environment, heritage, shipbuilding, telecoms and transport. In addition to the archetypical mad scientist, western culture depicts scientists and engineers who go above and beyond the regular demands of their professions to use their skills and knowledge for the betterment of others, often at great personal risk. SESTAT is the Scientists and Engineers Statistical Data System. This integrated data system is a unique source of longitudinal information on the education and employment of the college-educated U.S. science and engineering workforce. The Occupational Outlook Handbook is the government's premier source of career guidance featuring hundreds of occupations—such as carpenters, teachers, and veterinarians. Revised every 2 years, the latest version contains employment projections for the 2016-26 decade.
