With the tractor engine stopped & loader down there should be little or no pressure in the lift rams if single acting (1 pipe) Just take pipe off slowly, it will self bleed once reassembled. While gratifying, working on the farm is no easy task, but having an International tractor on your side will always make life easier. International Harvester, now known as Navistar International Corporation, has been a staple in U.S. agricultural machinery since 1902. The first International Harvester 484 Tractors went out of the factory gates in 1977 and they kept building them until 1984. Sold initially at a price of \$11,800 (1984), the International Harvester 484 Tractor had a few price variations, so if you got it for less, you found a great deal!
