

Download Freud Evaluated The Completed Arc

Freud Evaluated: The Completed Arc (1991; second edition 1997) is a book by the psychologist Malcolm Macmillan, in which the author criticizes the theories and procedures of Sigmund Freud, the founder of psychoanalysis. Read the latest chapters of *Advances in Psychology* at ScienceDirect.com, Elsevier's leading platform of peer-reviewed scholarly literature. The book entitled *Freud Evaluated* by Malcolm Macmillan is a product of many years of intensive labor. In his foreword, Frederick Crews states that the glory days of psychoanalysis are long gone and that this book assures that it is time for reason to prevail. This volume is an historically based critical evaluation of Freud's personality theory. In it the observations Freud made are described and the theoretical ideas he put forward for explaining them are set out.
