Income is the gauge many use to determine the well-being of the U.S. population. Survey and census questions cover poverty, income, and wealth. Survey and census questions cover poverty, income, and wealth. Americans are nationals and citizens of the United States of America. Although nationals and citizens make up the majority of Americans, some dual citizens, expatriates, and permanent residents may also claim American nationality. The United States is home to people of many different ethnic origins. As a result ...The Great Migration of millions of African Americans out of the American South began before World War I and extended through the 1960s; whereas the Dust Bowl of the mid-1930s impoverished many farming communities and spurred a new wave of western migration. African Americans made up over 20 percent of the American population at the time, which was the second largest ethnic group in British North America only after the English and as many as 30,000 slaves escaped to British lines.
