Wondering what the past teaches us about the present? Francis Schaeffer's sweeping series on the rise and decline of Western thought and culture surveys history---from the Roman Empire through the 20th century--- and offers biblical answers to modern problems. Earth keeps getting hotter. Humanity isn't doing enough to stop it. So, scientists are increasingly musing about conducting dramatic interventions in the atmosphere to cool the planet. I have compiled my top 10 quotes from Antoine De Saint-Exupery's 'The Little Prince', and explained why I think they are essential to live an honorable and meaningful life. This book changed my ... Occupy WALL-E Street. The U.S. Congresswoman argued that we should embrace a future society full of busy little workerbots — if and only if the government steps in to provide for people who find ...
