The 33 rd International Conference on Information Networking (ICOIN) will take place in Kuala Lumpur, Malaysia, which is organized by Korea Institute of Information Scientists and Engineers (KIISE) and technically co-sponsored by IEEE Computer Society and IEICE Communications Society. After the successful organization of the IEEE 5G Summit in 2017 and the ICT conference in 2016, beautiful Thessaloniki is hosting the Global Information Infrastructure and Networking Symposium (GIIS) this Fall. The 14th ACM/IEEE Symposium on Architectures for Networking and Communications Systems (ANCS '18) will be held 23-24 July in Ithaca, NY, USA. The conference—and all activities unless otherwise noted—will be held at the Ithaca Marriott Downtown on the Commons. ACM publications are the premier venues for theoretical and practical discoveries in computing.
