

Download Intelligent Data Handling

The sheer volume of data and information that passes in and out of your organisation creates a daily challenge. Your customers expect to engage with you across multiple channels such as phone, letter, email and text to video, online, social media and more. Our client is an Antwerp-based Whole Solution Supplier of Chemical Raw Materials to the polyurethane industry. Within the supply chain, we provide safe handling with principles of sustainability. Riding the wave of China's economic success in the last 2 decades, ADERA Global has evolved and transformed its capabilities to lead in fields of biometric authentication, automation, digitalization, secured data handling, data analytics and smart technologies. SAP can call you to discuss any questions you have. [Chat Now](#) [Chat Offline](#). Get live help and chat with an SAP representative.
