

Download Land Before Us : A Geological History Of Alberta

Social studies is the study of people in relation to each other and to their world. It is an issues-focused and inquiry-based interdisciplinary subject that draws upon history, geography, ecology, economics, law, philosophy, political science and other social science disciplines. Petroleum History Society - a nonprofit society, based in Calgary, Alberta, Canada, dedicated to preserving the history of the petroleum industry in Canada. Albertosaurus (/ æ l ? b ??r t ? ? s ??r ? s /; meaning "Alberta lizard") is a genus of tyrannosaurid theropod dinosaurs that lived in western North America during the Late Cretaceous Period, about 70 million years ago. An extinction event (also known as a mass extinction or biotic crisis) is a widespread and rapid decrease in the biodiversity on Earth. Such an event is identified by a sharp change in the diversity and abundance of multicellular organisms.
