

Download Learning And Libraries In An Information Age: Principles And Practice

Learning in the Digital Age John Seely Brown Learning is a remarkably social process. In truth, it occurs not as a response to teaching, but rather as a result. As learners navigate increasingly complex information wilds and explore new forms of creation, libraries are discussing and supporting a variety of literacies, including data, invention, health, information, media, visual, and digital literacies. LIS 462 Skills Approach to Information, Communications, and Technology (ICT) Literacy (3) Introduction to the Big6™ Skills approach to information, communications, and technology (ICT) literacy for personal, school, district, or higher education settings. Includes technology within the Big6™ This good practice guide has been produced by the Libraries Taskforce for: heads of library services who are: considering transformational projects involving increased participation of community ...
