

# Download Making Waves

Following bubble babies, or from around age 3, our structured, progressive & innovative programme is designed to develop all four swimming strokes to a high standard. make waves 1. To cause trouble or controversy, especially that which affects the course of a situation. The merger is almost complete, so we're all just holding our collective breath that someone doesn't make waves at the last minute. 2. To do something innovative that draws a large amount of attention and makes a widespread impact on its ...At Making Waves, we can help write articles that reflect the voice of the target journal, whilst allowing your company style and ethos to come through.
