

Download The Sentimental Citizen Emotion In Democratic Politics

[The] American business community was also very impressed with the propaganda effort. They had a problem at that time. The country was becoming formally more democratic. THE SPIKE. It was late-afternoon. Forty-nine of us, forty-eight men and one woman, lay on the green waiting for the spike to open. We were too tired to talk much. One of the great revolutions of the last decade is the democratization of science. Once the territory of highly trained experts, the advent of “citizen science” has opened the door of opportunity for anyone to contribute to scientific discovery. We are now approximately one-sixth of the way through the 21st century, and thousands of movies have already been released. Which means that it’s high time for the sorting – and the fighting ...
