Vampire literature covers the spectrum of literary work concerned principally with the subject of vampires. The literary vampire first appeared in 18th-century poetry, before becoming one of the stock figures of gothic fiction with the publication of Polidori's *The Vampyre* (1819), which was inspired by the life and legend of Lord Byron. A vampire is a being from folklore that subsists by feeding on the vital force (generally in the form of blood) of the living. In European folklore, vampires were undead beings that often visited loved ones and caused mischief or deaths in the neighborhoods they inhabited while they were alive.
